Brew Team

Tim Schiavone, "Billy"

Beta Todd Helles Lager (0.5L Stein) ... 7

A traditional Munich Helles brewed with 100% Weyerman malts. This delicious lager has a subtle sweetness to it that is accompanied by a predominate malty flavor that exhibits toasted, bread-like characteristics. Hallertau Mittlefruh, Hallertau Hersbrucker, Tettnanger hops all play a small role in balancing this quaffable German Lager delight! Prost!
Tap Date 4/3 9.7 °P IBU 25 ABV 4.8%

FLIGHT No 1

Glasgow's Finest Scottish Light (20oz) ... 6

A Scottish Light carries very similar characteristics to that of a Wee Heavy, just not as big or as bold. Our version uses a hefty amount of Briess Extra Special Roast malt which carries dominant notes of wood, burnt caramel sugar, toast marshmallow, and dry raisins. Moderately hopped and low ABV makes this beer crushable!
Tap Date 3/12 10.2°P IBU 18 ABV 3.4%

Tampa Timeshare

Grapefruit-Basil Gose (13oz Stange) ... 6

Our house Gose, soured with yogurt then salted with a blend of sea salts we've perfected with our friends over at Beautiful Briny Sea in Grant Park. The beer was then dosed with Thai and sweet basil, fermented on grapefruit juice and pulp, and aged on grapefruit zest.
Tap Date 4/23 11.3°P IBU 10 ABV 4.5%

FLIGHT No 2

Timmy's Czech Pils (0.5L Stein) ... 7

Czech Pilsner-the King of Pilsners! Inspired by our brewer's favorite beer, Pilsner Urquell, this pilsner is the perfect example of a Czech Premium Pale Lager. Rich, complex, bready malt flavors combined with spicy Czech Saaz hops to bring you a true Bohemian Pilsner experience! *Tap Date 4/23 11.5°P IBU 42 ABV 4.6%*

Le Fleur Saison ... 4.5/7

This is a very delightful and funky American Farmhouse Ale that is fermented with *Brettanomyces*. We used barley, wheat, rye, and oats for a simple malt bill to help the unique fermentation characteristics shine. Earthy, funk, acid, grain, hay, and bright plum fruit are the many flavors derived from this mixed-fermentation ale. Cheers!
Tap Date 4/6 11.8 °P IBU 24 ABV 4.9%

Casa Bonita Mexican Amber Lager ... 4.5/7

This beer features a combination of Pilsner and Heritage malts as well as flaked corn, providing notes of toasted bread, soft caramel, and a subtle graininess.

Tap Date 11/14 11.6°P IBU 20 ABV 5.1%

FLIGHT No 3

Shorty/Full Pour

SAVAGE! Brown Porter ... 4.5/7

This decadent brown porter contains flavors of light caramel and graham crackers, with dominant notes of smooth sweet cocoa derived from a hefty use of flaked oats and chocolate malt. Delicate American Willamette hops round out this delicious dark beer. In a world of complete chaos, live your best savage life!
Tap date 11/4 12.8°P IBU 30 ABV 5.0%

FLIGHT No 4

Beer Flavored Vienna Lager (0.5L Stein) ... 7

Our take on a traditional Vienna-Style lager. Brewed with a blend of Vienna, Munich & Pilsner malts, expect a toasty and dry lager base with a subtle caramel finish. A smooth noble hop bitterness provides contrast to the malt base. Boy, does it taste like beer!
Tap date 3/26 13.8°P IBU 30 ABV 5.7%

FLIGHT No 5

Sauvation IPA ... 4.5/7

This is a classic IPA using English pale malted barley. The sole hop used is New Zealand's Nelson Sauvin, which flavor with an aroma of gooseberry, Sauvignon Blanc wine, and tropical fruits.
Tap Date 3/14 12.5°P IBU 69 ABV 5.7%

Juice Willis:

Enter the Strata-sphere IPA ... 5/7.5

This new batch of Juice Willis is hopped with American Strata, Citra, CTZ, and Citra INCOGNITO. We utilized biotransformation technique in the brewing process to fully showcase the hop aromas and flavors. Expect intense citrus, pungent grapefruit, and piney melon flavors and aroma! *Tap Date 4/4 13.6°P IBU 60 ABV 6.5%*

FLIGHT No 6

Sundown Belgian Dubbel (8oz/16oz) ... 5/7.5

A very unique aroma of toasted bread, caramelized sugar, and dark fruit all come together from a complex grain bill. Fermented with traditional monastery ale yeast, producing notes of bubblegum, banana, subtle spicy phenols, and plum. Brewed with amber candi sugar for an ABV boost this beer is dangerously drinkable.
Tap Date 2/27 OG 1.075 IBU 20 ABV 7.4%

Mark of the Beast

Wee Heavy Scotch Ale (4oz/8oz) ... 4.5/7

Brewed with 666lb of malt, this is one hell of a glass of beer! We boiled this beer for 3 hours with the addition of 20 pounds of molasses to achieve a very smooth and pleasant mid palate beer that finishes rich and malty yet not overtly sweet. Moderately hopped to help balance the large complex malt flavors of gooey caramel, burnt sugar, molasses, and dark fruit. A strong beer drinkers must try!!
Tap Date 1/19 25°P IBU 38 ABV 10.5%

Boilermaker ... 6

Add a boilermaker with a shorty pour of J.J. Corry "The Hanson" Irish Whiskey

Last Chance!

Jemmy Stout ... 4.5/7

Before the heat of summer takes over, enjoy our rich & complex stout with several roasted and caramelized grains. Notes of shortbread, toffee, espresso finish. ABV 6.9%

Strong Beer

Mark of the Beast Wee Heavy Scotch Ale (4oz/8oz) ... 4.5/7

Brewed with 666lb of malt!
ABV 10.5%
