## **O.G. English Bitter ... 3.5/6**

Light amber in color, our rendition of the classic English bitter has a unique balance of caramel and toasty malt, esters reminiscent of orchard fruit, along with a firm hop bitterness. Being true to style, we are serving this beer at a lower level of carbonation to make it as quaffable as possible.

Tap Date 10/24 9.7 °P IBU 35 ABV 3.9%

FLIGHT No 1

## **Beta Todd Helles Lager (0.5L Stein) ... 7**

A traditional Munich Helles brewed with 100% Weyerman malts. This delicious lager has a subtle sweetness to it that is accompanied by a predominate malty flavor that exhibits toasted, bread-like characteristics. Hallertau Mittlefruh, Hallertau Hersbrucker, Tettnanger hops all play a small role in balancing this quaffable German Lager delight! Prost!

Tap Date 10/24 9.7 °P IBU 25 ABV 4.8%

## **Cherry Tart Sour Ale ... 4.5/7**

This kettle soured ale was brewed with lactose sugar, vanilla beans, cinnamon bark, and over 200 pounds of both sweet and tart cherries. These ingredients, combine to emulate flavors of a fresh cherry pie. Notes of pie crust, juicy cherries, and a balanced tartness make for savory and refreshing treat.

Tap date 11/7 10.1 °P IBU 12 ABV 4.9%

## **Vivant LeBlanc Pilsner ... 4.5/7**

We brewed this classic German pilsner with a slight modern twist: Hallertau Blanc Hops. This hop was released in 2012 as a German response to bold and flavorful American hops. Bred from American Cascade and grown in Germany, this interesting hop expresses delightful notes of grapefruit and lemongrass with white wine flavors of gooseberry and grass similar to Sauvignon Blanc.

Tap date 9/16 11.55°P IBU 37 ABV 4.6%

## **Casa Bonita Mexican Amber Lager ... 4.5/7**

This beer features a combination of Pilsner and Heritage malts as well as flaked corn, providing notes of toasted bread, soft caramel, and a subtle graininess.

Tap Date 11/14 11.6°P IBU 20 ABV 5.1%

## **Old Man Clemens**

## **Smoked Helles Lager (0.5L Stein) ... 7**

This Helles is a crisp, light lager with moderate smoked characteristic to its malt flavor. We used IREKS Beechwood Malt to ensure a well-balanced yet robust smoked flavor that is refreshing and flavorful!

"Don't put it out with your boots, Ted!" Cheers!

## **SAVAGE! Brown Porter ... 4.5/7**

This decadent brown porter contains flavors of light caramel and graham crackers, with dominant notes of smooth sweet cocoa derived from a hefty use of flaked oats and chocolate malt. Delicate American Willamette hops round out this delicious dark beer. In a world of complete chaos, live your best savage life!

## **May the Schwarzbier With You ... 4.5/7**

Schwarzbier, or black beer is a traditional German style dark lager. Despite its dark appearance Schwarzbier is quite the easy drinker. Ours is "Americanized" in the slightest with just a touch of extra roasty flavor, but drinks light and crisp, and is every bit as quaffable as any lager.

Tap Date 8/25 13.7°P IBU 32 ABV 5.9%

## **Juice Willis:**

## **Nakatomi Christmas Party IPA ... 5/7.5**

Let's enjoy Juice Willis: Nakatomi Christmas Party, brewed just for this party. I hear that it's first generously hopped with Sabro & El Dorado and then again with INCOGNITO.

Tap Date 11/29 13.6°P IBU 60 ABV 6.5%

## **Victor High Rye IPA ... 5/7.5**

Named after the original property owner, Victor Kriegshaber, this is a West coast style IPA with big hop flavor and smooth bitterness. We have added over three pounds per barrel of Columbus, Willamette, Pacific Jade, & Simcoe hops. This batch of Victor has a healthy addition of malted rye. The rich, bready character of the rye is a fantastic compliment to the piney, citrus and resinous hop profile.

Tap Date 11/1 13.6°P IBU 86 ABV 6.6%

FLIGHT No 6

## **The Wreckinator Dopplebock (0.5L Stein) ... 7**

A Dopplebock is a bigger and stronger version of the low-gravity German-style Bock beers. A very rich and complex malt profile with flavors of burnt sugar, toasted bread and hints of dark fruit and raisins. We brewed ours on the lighter ABV side to help ensure drinkability without being too cloyingly sweet or boozy.

Tap Date 10/20 16.4°P IBU 22 ABV 6.9%

## **Big Slurp Imperial IPA ... 5/8**

As Double IPAs go, Big Slurp is a classic. Hopped with Michigan Chinook INCOGNITO, Citra & Azacca Cryo, this beer is grounded with mine and resin, but pops with dank pineapple, grapefruit, & grassy tropical fruit.

Tap Date 11/25 19.3°P IBU 104 ABV 8.4%
